ABOUT ME

Tech enthusiast and 2nd-year BSIT student at Pamantasan ng Lungsod ng Valenzuela with a strong focus on software and mobile application development. While proficient in Android Development (Java & Kotlin), Python, C#, and SQL, I am continuously revisiting and strengthening my mastery of core programming fundamentals to ensure high-quality logic and code efficiency. **Leveraging a background in journalism, I possess strong skills in technical documentation via Microsoft 365, effective communication, and a detail-oriented approach to content creation.** Experienced in Web Development (HTML5 & CSS), I am a native Filipino speaker with professional English proficiency and basic Mandarin understanding, dedicated to lifelong learning and building robust technological solutions
